

Easter Day Floral Window Cross

Across the circuit we are encouraging young and old on Easter Day to put a cross in your window that has flowers on it.

This could be a drawing, a painting, a cross cut out of a gardening magazine or wrapping paper, actual flowers, the palm cross adorned in some way, an Easter card turned outwards or this cross attached!

Although we can't meet to glorify God we can share the news of the resurrection with others in this way.

If you are able to **take a photo** that we can share please do and email it to Elaine Panchal at:
valeofstour@btconnect.com
